**Local Woman Business Owner Named Top 50 Women in Accounting**

**National Harbor, MD, April 27, 2022** - Sherrell T. Martin, owner of [Nitram Financial Solutions](https://www.nitramfinancial.com), was named Top 50 Women in Accounting for 2022 by Ignition. This is the first year she has received this award. Sherrell was recognized for not only continuing to empower her clients to thrive financially and helping them manage their financial landscape, but also for using her passion to drive the accounting industry forward.

This year's theme, 'Celebrating Our Unique Differences', honors the diverse stories of women in our industry, champions different voices and experiences, and recognizes the incredible work done by women to ensure the accounting industry is diverse, equitable, and inclusive.

She is moving the industry by creating an online training program where she's teaching other up and coming people how to be rockstar bookkeepers. "I have seen and heard the struggles of colleagues trying to find qualified staff. I have also experienced it myself," says Sherrell. "My goal is that participants will leave with a skill set that can be used with any software at any company - job or business; starting with the basics and fundamentals."

At Nitram Financial Solutions, Sherrell provides outsourced cloud accounting, bookkeeping and consulting throughout the United States using Quickbooks Online and Xero.

Sherrell T Martin is available for interviews and speaking engagements.
